07 May 2020

Due to the COVID-19 virus the Foreign and Commonwealth Office regrets that it is unable to offer the standard legalisation service from 23 March 2020. We will endeavour to resume our full service as soon as possible.

For UK documents you have received, you can check the validity of a signature or seal by sending a scanned or photographed copy of the signature to FCO.signaturecheck@fco.gov.uk. Where we can verify we have this signature or seal on record we can send the receiver of the document a provisional confirmation that this appears genuine.

We hope this provides some assurance whilst these exceptional circumstances persist.

Danial Smith

Business Team and Policy Manager, Legalisation Office
